Clean and discreet, glue guns offer a strong permanent alternative for many hobby, craft, DIY and industrial fixing jobs.

Speed and Durability

As the most professional and well-equipped in the range for the hobby and professional alike, Tacwise glue guns and adhesives are a superb, powerful essential for every tool bag and workshop.

With a durable, 3 minute heat up melting chamber, cooling "air flow" vents, a removable non-drip push on nozzle for accurate gluing.

Powerful & Essential

Whether it's hot melt or cool melt - our high impact trigger fed glue guns bond almost anything in less than two minutes. Perfect for a wide range of applications from DIY to Professional fixing jobs, they're a powerful essential for every tool bag and workshop.

*Please note that our range of Hot and Cool Melt guns are only fitted with UK three-pin plugs
