

Product Specification Sheet

REMOVABLE - Billy Blob Glue Dots

Product Description:

Billy Blobs Removable is a low strength hot melt adhesive recommended for cover mounting and other peelable applications.

It is important that the user ensures that the bond obtained gives the required "easy peel" characteristics before using on a production run.

The quantity applied and method of application are critical to obtain optimum results.

Benefits:

- Repositionable and peelable
- Easy to hand apply
- FDA Approved for indirect contact with food.

Softening Point:

Approx. 74°C to 76°C (ring & ball)

Temperature Resistance:

-15°C to 65°C

(Temperature resistance may vary dependant upon substrates and conditions)

Sizes available:

5mm diameter – 5000 per roll

10mm diameter – 5000 per roll

15mm diameter – 4000 per roll

Different sizes / quantities can be made on request.

Storage:

Store in a clean dry environment in closed containers between 15°C and 35°C

Shelf Life:

Provided the storage instructions are adhered to, the product will have a shelf life of 12 months.
